Ener-Core to Present at LD Micro Investor Conference on June 9, 2016

CEO Alain Castro to Provide Update on Company Milestones

IRVINE, Calif.-- Ener-Core, Inc. (OTCQB:ENCR), the world's only provider of *Power Oxidation* technology and equipment that generates clean power from waste and low-quality gases from a wide variety of industries, will be presenting at the 6th annual LD Micro Invitational conference taking place from June 7-9, 2016 at the Luxe Sunset Bel Air Hotel in Los Angeles, CA.

Ener-Core Chief Executive Officer Alain Castro is scheduled to present on Thursday, June 9 at 8:00 AM PDT in Track 2. He will provide an update on company milestones. In addition to presenting, Mr. Castro and Domonic J. Carney, CFO, will be available to participate in one-on-one meetings with investors that day. Conference participants who are interested in scheduling a meeting with management are encouraged to sign up through the conference's portal, or by calling Cheryl Schneider of Dian Griesel International at 212-825-3210.

Mr. Castro said, "Ener-Core's focus in 2016 is on the deployment of the 2 MW version of our system. We are enthusiastic about speaking with investors and updating them on our progress at this event."

About Ener-Core

Irvine, California-based Ener-Core, Inc. (ENCR) designs, manufactures and has commercially deployed unique systems that generate base load, clean power from polluting waste gases including methane. Ener-Core's patented Power Oxidizer is the only solution of its kind that turns one of the most potent pollution sources into a profitable, "always on" source of clean energy. Ener-Core's technology offers a revolutionary alternative to the flaring (burning) of gaseous pollution while generating operating efficiencies and ensuring compliance with costly environmental regulations. Ener-Core offers the 250kW Ener-Core EcoStation EC250 ("EC250") and the larger counterpart, the 2MW Ener-Core Powerstation KG2-3GEF/PO.
